EMPLOYEE INCIDENT REPORT
(FOR REPORTING WORK-RELATED INJURIES & ILLNESSES)

Employees must complete this Incident Report when they sustain a work-related injury or illness.

Complete this Incident Report and return it to Campus HR DMS at the fax number and/or address at the bottom of this form.

Incident Reporting ensures there is a record of the incident on file, and helps UCSF provide a safe work environment.

In filing this Incident Report you are not filing a workers' compensation claim. You file a claim by filling out a Workers' Compensation Claim Form (DWC 1). It is not necessary to fill out a Workers' Compensation Claim Form (DWC 1) to obtain first-aid treatment for a minor work-related injury. "First-Aid' means any one-time treatment, and any follow-up visit for the purpose of observation of minor scratches, cuts, burns, splinters, or other minor industrial injury, which do not ordinarily require medical care. This one-time treatment, and any follow-up visit for the purpose of observation, is considered first-aid even though provided by a physician or registered professional personnel.

If your physician indicates that your injury requires medical treatment beyond first-aid or certifies disability beyond your work-shift at the time of injury, Campus HR DMS will provide you with a Workers' Compensation Claim Form (DWC 1) & Notice of Potential Eligibility.
